Books to gather

Borrow physical copies or authorized editions; exact page numbers depend on the edition.

Room on the Broom

Julia Donaldson | Picture-book story

Prepare: one copy of Room on the Broom; scene props or picture choices matched to the selected page; response frame; finished basket

Big Pumpkin

Erica Silverman | Picture-book story

Prepare: one copy of Big Pumpkin; scene props or picture choices matched to the selected page; response frame; finished basket

Pumpkin Soup

Helen Cooper | Picture-book story

Prepare: one copy of Pumpkin Soup; scene props or picture choices matched to the selected page; response frame; finished basket

Leaf Man

Lois Ehlert | Illustrated seasonal picture book

Prepare: one copy of Leaf Man; scene props or picture choices matched to the selected page; response frame; finished basket

We're Going on a Leaf Hunt

Steve Metzger | Autumn picture-book story

Prepare: one copy of We're Going on a Leaf Hunt; scene props or picture choices matched to the selected page; response frame; finished basket

Fletcher and the Falling Leaves

Julia Rawlinson | Autumn picture-book story

Prepare: one copy of Fletcher and the Falling Leaves; scene props or picture choices matched to the selected page; response frame; finished basket

The Seasons of Arnold's Apple Tree

Gail Gibbons | Informational picture book

Prepare: one copy of The Seasons of Arnold's Apple Tree; scene props or picture choices matched to the selected page; response frame; finished basket

Little Penguins

Cynthia Rylant | Winter picture-book story

Prepare: one copy of Little Penguins; scene props or picture choices matched to the selected page; response frame; finished basket

The Snowy Day

Ezra Jack Keats | Winter picture-book story

Prepare: one copy of The Snowy Day; scene props or picture choices matched to the selected page; response frame; finished basket

Seasonal books and investigations

Stacie's books are the teaching texts, with hands-on access to the grade-level skills.

Week 1 | Room on the Broom

Julia Donaldson | Real copy of Room on the Broom; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from Room on the Broom. Grade 4: Explain a Grade 4 character action or key idea using evidence from Room on the Broom. Use the actual page or illustration; record the response and support given.

Week 2 | Big Pumpkin

Erica Silverman | Real copy of Big Pumpkin; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from Big Pumpkin. Grade 4: Explain a Grade 4 character action or key idea using evidence from Big Pumpkin. Use the actual page or illustration; record the response and support given.

Week 3 | Pumpkin Soup

Helen Cooper | Real copy of Pumpkin Soup; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from Pumpkin Soup. Grade 4: Explain a Grade 4 character action or key idea using evidence from Pumpkin Soup. Use the actual page or illustration; record the response and support given.

Week 4 | Leaf Man

Lois Ehlert | Real copy of Leaf Man; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from Leaf Man. Grade 4: Explain a Grade 4 character action or key idea using evidence from Leaf Man. Use the actual page or illustration; record the response and support given.

Week 5 | We're Going on a Leaf Hunt

Steve Metzger | Real copy of We're Going on a Leaf Hunt; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from We're Going on a Leaf Hunt. Grade 4: Explain a Grade 4 character action or key idea using evidence from We're Going on a Leaf Hunt. Use the actual page or illustration; record the response and support given.

Week 6 | Fletcher and the Falling Leaves

Julia Rawlinson | Real copy of Fletcher and the Falling Leaves; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from Fletcher and the Falling Leaves. Grade 4: Explain a Grade 4 character action or key idea using evidence from Fletcher and the Falling Leaves. Use the actual page or illustration; record the response and support given.

Week 7 | The Seasons of Arnold's Apple Tree

Gail Gibbons | Real copy of The Seasons of Arnold's Apple Tree; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from The Seasons of Arnold's Apple Tree. Grade 4: Explain a Grade 4 character action or key idea using evidence from The Seasons of Arnold's Apple Tree. Use the actual page or illustration; record the response and support given.

Week 8 | Little Penguins

Cynthia Rylant | Real copy of Little Penguins; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from Little Penguins. Grade 4: Explain a Grade 4 character action or key idea using evidence from Little Penguins. Use the actual page or illustration; record the response and support given.

Week 9 | The Snowy Day

Ezra Jack Keats | Real copy of The Snowy Day; visual cards and props matched to the selected page.

Grade 3: Answer Grade 3's daily WH or sequence target using a scene from The Snowy Day. Grade 4: Explain a Grade 4 character action or key idea using evidence from The Snowy Day. Use the actual page or illustration; record the response and support given.

Seasonal progression

Weeks 1-3 use Room on the Broom, Big Pumpkin and Pumpkin Soup. Weeks 4-6 shift to autumn leaves and seasonal change; weeks 7-9 move into trees across seasons and winter. Each week uses one shared read-aloud for both learners, with individual grade-level TEKS targets.

2026-10-23 | Science investigation

Use materials connected to Big Pumpkin: Use a toy pumpkin or car to show how a push or pull changes position and motion. Record a prediction, three observations and one evidence-based conclusion.

2026-11-06 | Science investigation

Use materials connected to Leaf Man: Observe leaves in light and shade, then make a safe wind test and describe what changes the leaves' motion. Record a prediction, three observations and one evidence-based conclusion.

2026-11-20 | Science investigation

Use materials connected to Fletcher and the Falling Leaves: Observe leaf color and texture changes; test how air moves paper leaves and record what the test shows. Record a prediction, three observations and one evidence-based conclusion.

2026-12-11 | Science investigation

Use materials connected to Little Penguins: Explore how clothing materials help keep a pretend penguin warm; observe and compare the test safely. Record a prediction, three observations and one evidence-based conclusion.

Access and evidence

Props, pictures and AAC support the response. Return to the actual book or investigation evidence. Record accuracy and prompts separately; use three observations on lab Fridays.

Room on the Broom

TEACHER QUICK GUIDE

Shared read-aloud toolkit · Week 1

THE SHARED BOOK

Read the same book aloud to both learners. Keep each learner's TEKS target individual, and use the real pages and illustrations as evidence.

1

READ

Pause at a clear event. Keep the text moving and show the illustration.

2

UNDERSTAND

Ask one WH question. Offer pictures, pointing, AAC, speech or writing.

3

RETELL

Place the event in beginning, middle or end. Return to the book for a clue.

4

CREATE

After comprehension, make a helper collage or design a paper broom.

TEACHER TIP

Before reading, put out the sequence mat and two picture choices. After a correct response, invite a quick craft choice as enrichment.

WH question picture board

VISUAL RESPONSE

Point, say, sign, use AAC or write a response.

Place a token on a question. Ask about a page you just read. The learner can answer with a picture, a point, a word, a device or a written response.

WHO

Who is in this part?

PLACE A PICTURE OR DRAW

WHAT

What happened?

PLACE A PICTURE OR DRAW

WHERE

Where are they?

PLACE A PICTURE OR DRAW

WHEN

When does this happen?

PLACE A PICTURE OR DRAW

WHY

Why did someone act?

HOW

How did it change?

SAME QUESTION · DIFFERENT RESPONSE MODES

Accept a point, eye gaze, picture choice, AAC selection, spoken answer, dictated words or writing. Wait, repeat once, then record the response and support.

Beginning · middle · end

STORY SEQUENCE MAT

Use scene details from the pages you read together.

First, choose or draw one important event for each part. Use page tabs or picture cards. Then retell the order together.

BEGINNING

1

What is happening at first?

DRAW / PLACE A SCENE

MIDDLE

2

What changes or happens next?

DRAW / PLACE A SCENE

END

3

How does this part finish?

DRAW / PLACE A SCENE

RETELL IT

First _____. Next _____. Last _____.

Cut-apart question cards

CUT · LAMINATE · REUSE

Use one card at a time with the shared book.

Teacher: read a prompt, wait, then show two visual choices if needed. Ask the learner to point to the page or picture that helped.

WHO

Who is in this scene?

WHAT

What happened here?

WHERE

Where does this part happen?

WHY

Why did the character do that?

FIRST

1

What happened at the beginning?

NEXT

2

What happened in the middle?

LAST

3

What happened at the end?

EVIDENCE

Show the page clue.

Character · action · result

THINK · SHOW · EXPLAIN

Use the page to notice what someone does and what changes.

Choose one moment from the shared reading. This organizer works with any scene; use the actual page rather than memorizing a fixed answer.

CHARACTER

Who is this part about?

DRAW / PLACE
A PICTURE

ACTION

What did the character do?

DRAW / PLACE
A PICTURE

RESULT

What happened because of it?

DRAW / PLACE
A PICTURE

GRADE-LEVEL TARGETS STAY INDIVIDUAL

Grade 3: answer a WH question and sequence the event. Grade 4: explain how an action affects the problem or result and show a page clue.

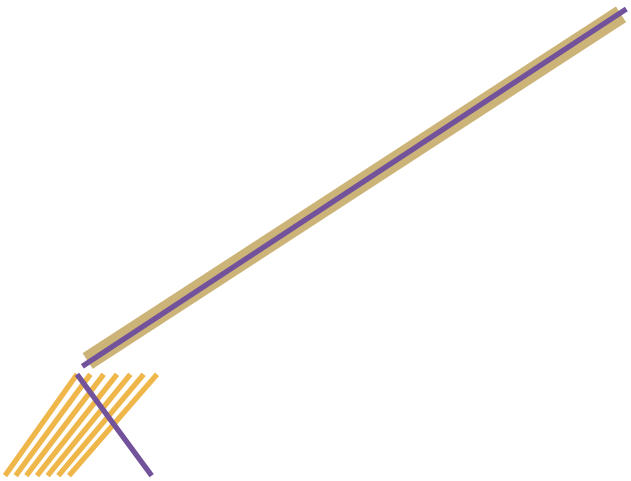

Design a helper broom

MAKE · LABEL · SHARE

Comprehension first · creative extension after.

Imagine a safe way for helpers to travel together. Draw a new broom design, then tell, point to or write what each part does.

MY BROOM DESIGN

DRAW YOUR HELPERS

Who can help?

What will you share?

MY IDEA

My broom helps because _____.

Week 1 | Real-book guide

October 13 to 16 | Helpers solve a problem by sharing what they have.

One book, all subjects

Room on the Broom | Helpers solve a problem by sharing what they have. Math: Count and share "broom supplies" into equal groups; name the total or amount in each group. Science: Use broom, wagon and character props to test a push or pull and describe the change in motion. Social studies: Name how each helper contributes and connect the story to responsible classroom citizenship. Finish: Make a helper collage or build a paper broom with labeled passengers.

Grade 3 | Room on the Broom

Julia Donaldson | Picture-book story

Prepare

one copy of Room on the Broom; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Room on the Broom to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-10-13: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.8C, 3.7D)

2026-10-14: Answer what happened next and place that event in the sequence. (TEKS 3.8C, 3.7D)

2026-10-15: Retell the beginning, middle and end with three visual event cards. (TEKS 3.8C, 3.7D)

2026-10-16: Retell the event sequence and answer three new story WH questions. (TEKS 3.8C, 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | Room on the Broom

Julia Donaldson | Picture-book story

Prepare

one copy of Room on the Broom; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Room on the Broom to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-10-13: Find the story problem and explain a character's first action with an illustration. (TEKS 4.8C, 4.7C)

2026-10-14: Sequence a character's action and explain what changes next. (TEKS 4.8C, 4.7C)

2026-10-15: Explain the beginning, middle and end, including how a character responds. (TEKS 4.8C, 4.7C)

2026-10-16: Explain the problem and solution; support one answer with page evidence. (TEKS 4.8C, 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 2 | Real-book guide

October 19 to 23 | A difficult problem changes when everyone works together.

One book, all subjects

Big Pumpkin | A difficult problem changes when everyone works together. Math: Share pumpkin counters or seeds into equal groups and represent the groups with the week's operation. Science: Use a toy pumpkin or car to show how a push or pull changes position and motion. Social studies: Match each character to a team role and explain how cooperation helps the group. Finish: Create a lift-the-pumpkin paper chain showing each helper in order.

Grade 3 | Big Pumpkin

Erica Silverman | Picture-book story

Prepare

one copy of Big Pumpkin; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Big Pumpkin to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-10-19: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.8C, 3.7D)

2026-10-20: Answer what happened next and place that event in the sequence. (TEKS 3.8C, 3.7D)

2026-10-21: Retell the beginning, middle and end with three visual event cards. (TEKS 3.8C, 3.7D)

2026-10-22: Answer a why or how question with a picture, AAC response or page detail. (TEKS 3.8C, 3.7D)

2026-10-23: Retell the event sequence and answer three new story WH questions. (TEKS 3.8C, 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | Big Pumpkin

Erica Silverman | Picture-book story

Prepare

one copy of Big Pumpkin; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Big Pumpkin to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-10-19: Find the story problem and explain a character's first action with an illustration. (TEKS 4.8C, 4.7C)

2026-10-20: Sequence a character's action and explain what changes next. (TEKS 4.8C, 4.7C)

2026-10-21: Explain the beginning, middle and end, including how a character responds. (TEKS 4.8C, 4.7C)

2026-10-22: Explain why a character acts and show a page clue for the result. (TEKS 4.8C, 4.7C)

2026-10-23: Explain the problem and solution; support one answer with page evidence. (TEKS 4.8C, 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 3 | Real-book guide

October 26 to 30 | Everyone contributes a job so a shared plan can work.

One book, all subjects

Pumpkin Soup | Everyone contributes a job so a shared plan can work. Math: Use pretend soup ingredients to make equal groups or a simple input-output table for servings. Science: Connect stirring, scooping and warming to the week's energy target and record what the action changes. Social studies: Practice taking turns, sharing jobs and repairing a disagreement in a classroom community. Finish: Make a paper soup bowl with picture ingredients and a three-part problem/solution strip.

Grade 3 | Pumpkin Soup

Helen Cooper | Picture-book story

Prepare

one copy of Pumpkin Soup; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Pumpkin Soup to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-10-26: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.8C, 3.7D)

2026-10-27: Answer what happened next and place that event in the sequence. (TEKS 3.8C, 3.7D)

2026-10-28: Retell the beginning, middle and end with three visual event cards. (TEKS 3.8C, 3.7D)

2026-10-29: Answer a why or how question with a picture, AAC response or page detail. (TEKS 3.8C, 3.7D)

2026-10-30: Retell the event sequence and answer three new story WH questions. (TEKS 3.8C, 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | Pumpkin Soup

Helen Cooper | Picture-book story

Prepare

one copy of Pumpkin Soup; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Pumpkin Soup to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-10-26: Find the story problem and explain a character's first action with an illustration. (TEKS 4.8C, 4.7C)

2026-10-27: Sequence a character's action and explain what changes next. (TEKS 4.8C, 4.7C)

2026-10-28: Explain the beginning, middle and end, including how a character responds. (TEKS 4.8C, 4.7C)

2026-10-29: Explain why a character acts and show a page clue for the result. (TEKS 4.8C, 4.7C)

2026-10-30: Explain the problem and solution; support one answer with page evidence. (TEKS 4.8C, 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 4 | Real-book guide

November 2 to 6 | Autumn leaves travel wherever the wind carries them.

One book, all subjects

Leaf Man | Autumn leaves travel wherever the wind carries them. Math: Sort leaf picture cards by color, shape or setting; count each group and show the week's table or fraction target. Science: Observe leaves in light and shade, then make a safe wind test and describe what changes the leaves' motion. Social studies: Compare familiar local places with the marsh, orchard and fields in the illustrations; identify how people use each place. Finish: Create a leaf collage character and map the places it visits in order.

Grade 3 | Leaf Man

Lois Ehlert | Illustrated seasonal picture book

Prepare

one copy of Leaf Man; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Leaf Man to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-04: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.8C, 3.7D)

2026-11-05: Answer what happened next and place that event in the sequence. (TEKS 3.8C, 3.7D)

2026-11-06: Retell the event sequence and answer three new story WH questions. (TEKS 3.8C, 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | Leaf Man

Lois Ehlert | Illustrated seasonal picture book

Prepare

one copy of Leaf Man; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Leaf Man to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-04: Find the story problem and explain a character's first action with an illustration. (TEKS 4.8C, 4.7C)

2026-11-05: Sequence a character's action and explain what changes next. (TEKS 4.8C, 4.7C)

2026-11-06: Explain the problem and solution; support one answer with page evidence. (TEKS 4.8C, 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 5 | Real-book guide

November 9 to 13 | Friends explore autumn places and collect leaves together.

One book, all subjects

We're Going on a Leaf Hunt | Friends explore autumn places and collect leaves together. Math: Sort and count the leaves collected on the story route; use the groups to model this week's fraction target. Science: Compare leaf colors, shapes and textures; record observations without claiming every local tree changes the same way. Social studies: Use a simple route map to connect the friends' journey with safe ways people explore and care for local places. Finish: Make a large-print route accordion with one leaf picture and location on each panel.

Grade 3 | We're Going on a Leaf Hunt

Steve Metzger | Autumn picture-book story

Prepare

one copy of We're Going on a Leaf Hunt; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from We're Going on a Leaf Hunt to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-09: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.9D(i))

2026-11-10: Answer what happened next and place that event in the sequence. (TEKS 3.9D(i))

2026-11-11: Retell the beginning, middle and end with three visual event cards. (TEKS 3.9D(i))

2026-11-12: Answer a why or how question with a picture, AAC response or page detail. (TEKS 3.9D(i))

2026-11-13: Retell the event sequence and answer three new story WH questions. (TEKS 3.9D(i))

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | We're Going on a Leaf Hunt

Steve Metzger | Autumn picture-book story

Prepare

one copy of We're Going on a Leaf Hunt; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from We're Going on a Leaf Hunt to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-09: Find the story problem and explain a character's first action with an illustration. (TEKS 4.9D(i), 4.7C)

2026-11-10: Sequence a character's action and explain what changes next. (TEKS 4.9D(i), 4.7C)

2026-11-11: Explain the beginning, middle and end, including how a character responds. (TEKS 4.9D(i), 4.7C)

2026-11-12: Explain why a character acts and show a page clue for the result. (TEKS 4.9D(i), 4.7C)

2026-11-13: Explain the problem and solution; support one answer with page evidence. (TEKS 4.9D(i), 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 6 | Real-book guide

November 16 to 20 | Fletcher worries when his favorite tree changes in autumn.

One book, all subjects

Fletcher and the Falling Leaves | Fletcher worries when his favorite tree changes in autumn. Math: Build and compare equal leaf groups, then use visual fraction strips to show the week's unit-fraction target. Science: Observe leaf color and texture changes; test how air moves paper leaves and record what the test shows. Social studies: Discuss how Fletcher cares for a living thing and identify a helpful way to care for trees in the community. Finish: Make a tree collage with removable leaves and a three-part change-over-time sequence.

Grade 3 | Fletcher and the Falling Leaves

Julia Rawlinson | Autumn picture-book story

Prepare

one copy of Fletcher and the Falling Leaves; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Fletcher and the Falling Leaves to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-16: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.8C, 3.7D)

2026-11-17: Answer what happened next and place that event in the sequence. (TEKS 3.8C, 3.7D)

2026-11-18: Retell the beginning, middle and end with three visual event cards. (TEKS 3.8C, 3.7D)

2026-11-19: Answer a why or how question with a picture, AAC response or page detail. (TEKS 3.8C, 3.7D)

2026-11-20: Retell the event sequence and answer three new story WH questions. (TEKS 3.8C, 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | Fletcher and the Falling Leaves

Julia Rawlinson | Autumn picture-book story

Prepare

one copy of Fletcher and the Falling Leaves; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Fletcher and the Falling Leaves to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-16: Find the story problem and explain a character's first action with an illustration. (TEKS 4.8C, 4.7C)

2026-11-17: Sequence a character's action and explain what changes next. (TEKS 4.8C, 4.7C)

2026-11-18: Explain the beginning, middle and end, including how a character responds. (TEKS 4.8C, 4.7C)

2026-11-19: Explain why a character acts and show a page clue for the result. (TEKS 4.8C, 4.7C)

2026-11-20: Explain the problem and solution; support one answer with page evidence. (TEKS 4.8C, 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 7 | Real-book guide

November 30 to December 4 | One tree changes through the seasons, and each season brings different observations.

One book, all subjects

The Seasons of Arnold's Apple Tree | One tree changes through the seasons, and each season brings different observations. Math: Put four seasonal tree pictures in order and use the sequence to represent equivalent fractions or equal parts. Science: Use the book's seasonal details to observe how daylight, temperature and tree appearance can change across a year. Social studies: Compare how people use or care for a tree in different seasons; connect the examples to local community spaces. Finish: Make a four-season tree wheel with large picture labels and a clear seasonal sequence.

Grade 3 | The Seasons of Arnold's Apple Tree

Gail Gibbons | Informational picture book

Prepare

one copy of The Seasons of Arnold's Apple Tree; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from The Seasons of Arnold's Apple Tree to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-30: Name the tree topic and point to one seasonal detail on the page. (TEKS 3.9D(i), 3.7D)

2026-12-01: Answer what or when about one season using a picture or page detail. (TEKS 3.9D(i), 3.7D)

2026-12-02: Place three seasonal tree pictures in order and describe one change. (TEKS 3.9D(i), 3.7D)

2026-12-03: Answer a how or why question about the tree with a visual page clue. (TEKS 3.9D(i), 3.7D)

2026-12-04: Name the topic and answer three new questions using seasonal details. (TEKS 3.9D(i), 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | The Seasons of Arnold's Apple Tree

Gail Gibbons | Informational picture book

Prepare

one copy of The Seasons of Arnold's Apple Tree; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from The Seasons of Arnold's Apple Tree to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-11-30: State what the page teaches about the tree and show a supporting detail. (TEKS 4.9D(i), 4.7C)

2026-12-01: Explain how a page detail adds information about one season. (TEKS 4.9D(i), 4.7C)

2026-12-02: Compare two seasons and use a page detail to explain one tree change. (TEKS 4.9D(i), 4.7C)

2026-12-03: Explain how the tree changes across seasons using text or illustration evidence. (TEKS 4.9D(i), 4.7C)

2026-12-04: State a central idea and connect it to a supporting seasonal detail. (TEKS 4.9D(i), 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 8 | Real-book guide

December 7 to 11 | A family prepares for winter, and each penguin responds in a different way.

One book, all subjects

Little Penguins | A family prepares for winter, and each penguin responds in a different way. Math: Compare picture groups of winter clothes or penguins with the week's fraction comparison strips. Science: Explore how clothing materials help keep a pretend penguin warm; observe and compare the test safely. Social studies: Recognize that family members can make different choices and identify ways a community prepares for cooler weather. Finish: Design a winter-weather outfit for a paper penguin and label each clothing choice.

Grade 3 | Little Penguins

Cynthia Rylant | Winter picture-book story

Prepare

one copy of Little Penguins; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Little Penguins to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-12-07: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.8C, 3.7D)

2026-12-08: Answer what happened next and place that event in the sequence. (TEKS 3.8C, 3.7D)

2026-12-09: Retell the beginning, middle and end with three visual event cards. (TEKS 3.8C, 3.7D)

2026-12-10: Answer a why or how question with a picture, AAC response or page detail. (TEKS 3.8C, 3.7D)

2026-12-11: Retell the event sequence and answer three new story WH questions. (TEKS 3.8C, 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | Little Penguins

Cynthia Rylant | Winter picture-book story

Prepare

one copy of Little Penguins; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from Little Penguins to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-12-07: Find the story problem and explain a character's first action with an illustration. (TEKS 4.8C, 4.7C)

2026-12-08: Sequence a character's action and explain what changes next. (TEKS 4.8C, 4.7C)

2026-12-09: Explain the beginning, middle and end, including how a character responds. (TEKS 4.8C, 4.7C)

2026-12-10: Explain why a character acts and show a page clue for the result. (TEKS 4.8C, 4.7C)

2026-12-11: Explain the problem and solution; support one answer with page evidence. (TEKS 4.8C, 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Week 9 | Real-book guide

December 14 to 18 | Peter explores how a snowy day changes the places he knows.

One book, all subjects

The Snowy Day | Peter explores how a snowy day changes the places he knows. Math: Measure and compare pretend snow with cups or counters; show the week's capacity target with a visual record. Science: Use paper snow and a safe ramp to observe motion; compare Peter's snowy setting with local winter weather. Social studies: Notice the neighborhood places Peter visits and compare how children use familiar community spaces. Finish: Make a layered neighborhood scene with a beginning-middle-end winter walk sequence.

Grade 3 | The Snowy Day

Ezra Jack Keats | Winter picture-book story

Prepare

one copy of The Snowy Day; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from The Snowy Day to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-12-14: Answer who and where questions; identify the first event with a picture or page clue. (TEKS 3.8C, 3.7D)

2026-12-15: Answer what happened next and place that event in the sequence. (TEKS 3.8C, 3.7D)

2026-12-16: Retell the beginning, middle and end with three visual event cards. (TEKS 3.8C, 3.7D)

2026-12-17: Answer a why or how question with a picture, AAC response or page detail. (TEKS 3.8C, 3.7D)

2026-12-18: Retell the event sequence and answer three new story WH questions. (TEKS 3.8C, 3.7D)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Grade 4 | The Snowy Day

Ezra Jack Keats | Winter picture-book story

Prepare

one copy of The Snowy Day; scene props or picture choices matched to the selected page; response frame; finished basket Use selected scenes from The Snowy Day to teach both learners. Their TEKS targets are individual; the read-aloud, page evidence and shared discussion are shared.

2026-12-14: Find the story problem and explain a character's first action with an illustration. (TEKS 4.8C, 4.7C)

2026-12-15: Sequence a character's action and explain what changes next. (TEKS 4.8C, 4.7C)

2026-12-16: Explain the beginning, middle and end, including how a character responds. (TEKS 4.8C, 4.7C)

2026-12-17: Explain why a character acts and show a page clue for the result. (TEKS 4.8C, 4.7C)

2026-12-18: Explain the problem and solution; support one answer with page evidence. (TEKS 4.8C, 4.7C)

Teach from the actual pages

Read a short section aloud. Think aloud and point to evidence (I Do). Act or sequence it together, then return to the page (We Do). Ask a fresh question and collect the planned response (You Do).

Book access

Borrow a physical book or authorized library/publisher edition. These guides contain teaching prompts, not reproductions of the books. HMH supplies the grade-level reading, writing, drama and spelling selections.

Reading response and story mats

Teacher-created, large-print companion for one shared read-aloud. Add real book illustrations, objects or the student's existing symbols.

Ask the same story-structure WH questions for both learners: Who? What? Where? When? Why? How? Keep the book open and return to the page or illustration for evidence.

Who and where?

Character / topic: _____ Setting: _____ Picture, prop or page evidence: _____

Beginning

What happened first? _____ I can show it by pointing, using AAC, telling, dictating or writing:

_____

_____

Middle

What problem or important event happened next? _____

_____

_____

End

How did it end or change? _____

_____

_____

Why and how?

Why did the character act? _____ How do you know? Page / picture: _____

_____

First, next, then

Use for a taught sequence. Add real photos, props or symbols.

FIRST: draw, place or paste	NEXT: draw, place or paste	THEN: draw, place or paste

My response

The story was about _____ My favorite part was _____ Large-print writing / dictation / AAC response:

_____

_____

_____

Independent routine

First: familiar task _____ Then: finished basket / planned break _____ Help signal _____ Finish after ____ items.

Writing and source-evidence frames

Use the actual book, photo, map or history source. A frame supports composition; it is not an answer key.

Reading response | 3.7B

In _____, I learned / noticed _____. The page shows _____.

Compare sources | 4.7B

Both _____ and _____ show _____. They differ because _____. My evidence is _____.

Story message

The topic is _____. The message is _____. The character's action _____ supports it.

History claim | 3.14F

My claim: _____. Source title / creator / date: _____. This detail supports it: _____.

Texas history

Person / event: _____. What happened: _____. A cause or effect: _____. Source evidence: _____.

Teacher record

Response method: _____. Planned access: _____. Extra prompt: _____. Next step: _____.

Equal groups and sharing mat

Math: 3.4D, 3.4E, 3.4H, 3.4J; supported division models for 4.4E.

Make equal groups to multiply, or share the total equally to divide. Tell whether the unknown is the number of groups or the number in each group.

Group 1	Group 2	Group 3

Connect model and equation

____ groups of ____ = ____ total. ____ divided by ____ = ____. Related multiplication fact: _____

Fresh response

New total / groups: _____ Student response: _____ Extra help: _____

Equal-length fraction strips

Math: 3.3A/C/D/F/G/H and 4.3A/B/C/D/E

Each row is the same-size whole. Print at actual size. Cut individual parts only after comparing equal whole lengths.

Whole	1						
2 equal parts	1/2	1/2					
3 equal parts	1/3	1/3	1/3				
4 equal parts	1/4	1/4	1/4	1/4			
6 equal parts	1/6	1/6	1/6	1/6	1/6	1/6	
8 equal parts	1/8	1/8	1/8	1/8	1/8	1/8	1/8	1/8

Build, compare, explain

Build 3/4 from unit fractions. Compare 1/2 with 2/4, then 1/2 with 3/4. Record an equation or comparison and show why it is true.

Array, area and perimeter mat

Math: 3.4D/E; 4.5C/D

Use each square as one square unit. Outline a 2-by-3 rectangle. Count tiles inside for area and unit edges around it for perimeter.

Connect the formulas

Area: ____ rows x ____ columns = ____ square units. Perimeter: ____ + ____ + ____ + ____ = ____ units.
Explain how your model supports the formula: _____

Science investigation record

Student _____ Date _____ TEKS _____

Our question

What will we test? _____

Plan and predict

I think _____ because _____. What stays the same? _____ What changes? _____

Observe three trials

Trial 1: _____ Trial 2: _____ Trial 3: _____

Explain with evidence

I observed _____. This supports _____ because _____.

Energy investigation

Same car and block; slow/faster runs. Record observed speed and effect on the block. Reset and repeat.

Mixture investigation

Mass before: ____ Mass after: ____ Same closed container, no spills. What do these readings show?

Teacher evidence

Correct / total: ____ Extra prompts: ____ Response method: ____ Next step: ____

Choose this week's licensed lessons

Week ____ Grade 3 learner _____ Grade 4 learner _____

Start with the calendar's daily target. Select the matching lesson inside the licensed account; no publisher lesson numbers or student placement are assumed.

Resource and role	Grade 3 lesson / target	Grade 4 lesson / target
HMH: reading and writing	_____ _____	_____ _____
HMH: assessed spelling pattern / exact TEKS	_____ _____	_____ _____
STEMscopes: paced math skill	_____ _____	_____ _____
McGraw Hill: science concept	_____ _____	_____ _____
Bridges: placement-selected intervention	_____ _____	_____ _____
Vizzle: already-taught independent practice	_____ _____	_____ _____

Three taught spelling words per learner

Grade 3: _____ _____ _____ Grade 4: _____ _____ _____

Our nine weeks of learning

October 13-December 18, 2026 | Family overview

We will learn through real books, objects, models and short investigations. Students can show learning by speaking, pointing, arranging pictures, using AAC or writing. We keep a predictable daily routine.

Week 1 | October 13 to 16

Helpers solve a problem by sharing what they have. | Books: Room on the Broom | Story focus: Notice the problem, the helper's action, and what changes next.

Book-centered connections: Math - Count and share "broom supplies" into equal groups; name the total or amount in each group. Science - Use broom, wagon and character props to test a push or pull and describe the change in motion. Social studies - Name how each helper contributes and connect the story to responsible classroom citizenship. Enrichment - Make a helper collage or build a paper broom with labeled passengers.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.8C, 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.8C, 4.7C).

Math: Grade 3 - Make equal groups and find the total; then Share equally and find how many are in each group. (TEKS 3.4D, 3.4E, 3.4H, 3.4J). Grade 4 - Model division and connect the model to an equation. (TEKS 4.4E, 4.4F).

Science: Grade 3 - Show how a push or pull changes motion. (TEKS 3.7A, 3.7B). Grade 4 - Compare mixtures and show that the materials are still present. (TEKS 4.6B, 4.6C).

Social studies: Grade 3 - Recognize responsible citizenship and explain how people help their community. (TEKS 3.9C, 3.9A). Grade 4 - Identify why people explored Texas and connect an explorer to a route, goal, or result. (TEKS 4.2B, 4.2A).

Week 2 | October 19 to 23

A difficult problem changes when everyone works together. | Books: Big Pumpkin | Story focus: Sequence the stuck-pumpkin problem, the group's attempts, and the shared solution.

Book-centered connections: Math - Share pumpkin counters or seeds into equal groups and represent the groups with the week's operation. Science - Use a toy pumpkin or car to show how a push or pull changes position and motion. Social studies - Match each character to a team role and explain how cooperation helps the group. Enrichment - Create a lift-the-pumpkin paper chain showing each helper in order.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.8C, 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.8C, 4.7C).

Math: Grade 3 - Share equally and find how many are in each group. (TEKS 3.4H, 3.4J). Grade 4 - Represent a two-step problem with operations, a diagram and a letter for the unknown. (TEKS 4.5A).

Science: Grade 3 - Show how a push or pull changes motion. (TEKS 3.7A, 3.7B). Grade 4 - Observe energy moving from one object to another. (TEKS 4.8A).

Social studies: Grade 3 - Recognize responsible citizenship and explain how people help their community. (TEKS 3.9A, 3.9C). Grade 4 - Connect motivations for exploration to specific explorers and outcomes. (TEKS 4.2A, 4.2B).

Week 3 | October 26 to 30

Everyone contributes a job so a shared plan can work. | Books: Pumpkin Soup | Story focus: Identify the characters' jobs, the conflict about changing roles, and the repaired plan.

Book-centered connections: Math - Use pretend soup ingredients to make equal groups or a simple input-output table for servings. Science - Connect stirring, scooping and warming to the week's energy target and record what the action changes. Social studies - Practice taking turns, sharing jobs and repairing a disagreement in a classroom community. Enrichment - Make a paper soup bowl with picture ingredients and a three-part problem/solution strip.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.8C, 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.8C, 4.7C).

Math: Grade 3 - Share equally and find how many are in each group; then Show how two quantities change together in a table. (TEKS 3.4H, 3.4J, 3.5E). Grade 4 - Represent a two-step problem with operations, a diagram and a letter for the unknown; then Measure the space inside a rectangle and the distance around it. (TEKS 4.5A, 4.5C, 4.5D).

Science: Grade 3 - Identify light, sound, thermal and mechanical energy. (TEKS 3.8A). Grade 4 - Observe energy transfer, test materials and build a closed circuit. (TEKS 4.8A, 4.8B, 4.8C).

Social studies: Grade 3 - Recognize responsible citizenship and explain how people help their community. (TEKS 3.9A, 3.9C). Grade 4 - Summarize why exploration occurred and connect explorers to outcomes. (TEKS 4.2A, 4.2B).

Week 4 | November 2 to 6

Autumn leaves travel wherever the wind carries them. | Books: Leaf Man | Story focus: Follow Leaf Man's movement across settings; use the leaf collages and page sequence as evidence.

Book-centered connections: Math - Sort leaf picture cards by color, shape or setting; count each group and show the week's table or fraction target. Science - Observe leaves in light and shade, then make a safe wind test and describe what changes the leaves' motion. Social studies - Compare familiar local places with the marsh, orchard and fields in the illustrations; identify how people use each place. Enrichment - Create a leaf collage character and map the places it visits in order.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.8C, 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.8C, 4.7C).

Math: Grade 3 - Show how two quantities change together in a table; then Name equal parts of a whole and show a fraction. (TEKS 3.5E, 3.3A, 3.3C). Grade 4 - Measure the space inside a rectangle and the distance around it. (TEKS 4.5C, 4.5D).

Science: Grade 3 - Identify light, sound, thermal and mechanical energy. (TEKS 3.8A). Grade 4 - Observe how sound transfers energy. (TEKS 4.8A).

Social studies: Grade 3 - Tell the difference between kinds of sources and use a source to learn about the past. (TEKS 3.14B, 3.14F). Grade 4 - Identify a major Texas Revolution event and place it in a simple cause/event/result sequence. (TEKS 4.3B, 4.3A).

Week 5 | November 9 to 13

Friends explore autumn places and collect leaves together. | Books: We're Going on a Leaf Hunt | Story focus: Sequence the friends' route, notice the leaves they find, and retell how the hunt ends.

Book-centered connections: Math - Sort and count the leaves collected on the story route; use the groups to model this week's fraction target. Science - Compare leaf colors, shapes and textures; record observations without claiming every local tree changes the same way. Social studies - Use a simple route map to connect the friends' journey with safe ways people explore and care for local places. Enrichment - Make a large-print route accordion with one leaf picture and location on each panel.

Reading and writing: Grade 3 - Find the central idea and supporting details. (TEKS 3.9D(i)). Grade 4 - Explain the central idea with evidence from the information book. (TEKS 4.9D(i), 4.7C).

Math: Grade 3 - Name equal parts of a whole and show a fraction; then Build and take apart fractions using unit fractions. (TEKS 3.3A, 3.3C, 3.3D). Grade 4 - Use a rule to complete an input-output table. (TEKS 4.5B).

Science: Grade 3 - Identify light, sound, thermal and mechanical energy. (TEKS 3.8A). Grade 4 - Observe energy transfer, test materials and build a closed circuit; then Test a pattern in gravity, friction or magnetism. (TEKS 4.8A, 4.8B, 4.8C, 4.7).

Social studies: Grade 3 - Compare information from two simple sources about the same topic. (TEKS 3.14A, 3.14B, 3.14F). Grade 4 - Identify major events/people of the Texas Revolution and connect actions to outcomes. (TEKS 4.3A, 4.3B).

Week 6 | November 16 to 20

Fletcher worries when his favorite tree changes in autumn. | Books: Fletcher and the Falling Leaves | Story focus: Track what Fletcher notices, how he responds, and what he discovers after the final leaf falls.

Book-centered connections: Math - Build and compare equal leaf groups, then use visual fraction strips to show the week's unit-fraction target. Science - Observe leaf color and texture changes; test how air moves paper leaves and record what the test shows. Social studies - Discuss how Fletcher cares for a living thing and identify a helpful way to care for trees in the community. Enrichment - Make a tree collage with removable leaves and a three-part change-over-time sequence.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.8C, 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.8C, 4.7C).

Math: Grade 3 - Build and take apart fractions using unit fractions. (TEKS 3.3C, 3.3D). Grade 4 - Use equal-size wholes to compare fractions and explain why. (TEKS 4.3C, 4.3D).

Science: Grade 3 - Identify everyday forms of energy; then Test how speed relates to mechanical energy. (TEKS 3.8A, 3.8B). Grade 4 - Test a pattern in gravity, friction or magnetism. (TEKS 4.7).

Social studies: Grade 3 - Use historical sources to support one claim about the past. (TEKS 3.14A, 3.14B, 3.14F). Grade 4 - Place major events/people in order and explain one cause/effect relationship. (TEKS 4.3A, 4.3B).

Week 7 | November 30 to December 4

One tree changes through the seasons, and each season brings different observations. | Books: The Seasons of Arnold's Apple Tree | Story focus: Compare what Arnold's tree looks like and what happens to it in spring, summer, fall and winter.

Book-centered connections: Math - Put four seasonal tree pictures in order and use the sequence to represent equivalent fractions or equal parts. Science - Use the book's seasonal details to observe how daylight, temperature and tree appearance can change across a year. Social studies - Compare how people use or care for a tree in different seasons; connect the examples to local community spaces. Enrichment - Make a four-season tree wheel with large picture labels and a clear seasonal sequence.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.9D(i), 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.9D(i), 4.7C).

Math: Grade 3 - Show that different fractions can name the same amount. (TEKS 3.3F, 3.3G). Grade 4 - Use equal-size wholes to compare fractions and explain why. (TEKS 4.3C, 4.3D).

Science: Grade 3 - Test how speed relates to mechanical energy. (TEKS 3.8B). Grade 4 - Test a pattern in gravity, friction or magnetism. (TEKS 4.7).

Social studies: Grade 3 - Explain how people's actions can improve a community and identify a community need/solution. (TEKS 3.1A, 3.9C, 3.2B). Grade 4 - Identify key leaders/events of the Republic of Texas and explain movement toward statehood/annexation. (TEKS 4.3C, 4.3D, 4.3E).

Week 8 | December 7 to 11

A family prepares for winter, and each penguin responds in a different way. | Books: Little Penguins | Story focus: Notice the signs of winter, the family's preparations and the penguin who chooses to stay home.

Book-centered connections: Math - Compare picture groups of winter clothes or penguins with the week's fraction comparison strips. Science - Explore how clothing materials help keep a pretend penguin warm; observe and compare the test safely. Social studies - Recognize that family members can make different choices and identify ways a community prepares for cooler weather. Enrichment - Design a winter-weather outfit for a paper penguin and label each clothing choice.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.8C, 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.8C, 4.7C).

Math: Grade 3 - Show that different fractions can name the same amount; then Compare fractions with the same numerator or denominator. (TEKS 3.3F, 3.3G, 3.3H). Grade 4 - Join or remove fractional parts with the same denominator. (TEKS 4.3A, 4.3B, 4.3E).

Science: Grade 3 - Test how speed relates to mechanical energy; then Demonstrate an energy idea and explain the observed evidence. (TEKS 3.8B, 3.8A). Grade 4 - Test a pattern in gravity, friction or magnetism. (TEKS 4.7).

Social studies: Grade 3 - Identify a community problem and explain how people can work together to improve it. (TEKS 3.1A, 3.9C, 3.2B). Grade 4 - Explain one challenge/success of the Republic of Texas and connect events to annexation/statehood. (TEKS 4.3C, 4.3D, 4.3E).

Week 9 | December 14 to 18

Peter explores how a snowy day changes the places he knows. | Books: The Snowy Day | Story focus: Sequence Peter's winter experiences and explain what he notices from morning to the next day.

Book-centered connections: Math - Measure and compare pretend snow with cups or counters; show the week's capacity target with a visual record. Science - Use paper snow and a safe ramp to observe motion; compare Peter's snowy setting with local winter weather. Social studies - Notice the neighborhood places Peter visits and compare how children use familiar community spaces. Enrichment - Make a layered neighborhood scene with a beginning-middle-end winter walk sequence.

Reading and writing: Grade 3 - Retell beginning, middle and end and answer story WH questions. (TEKS 3.8C, 3.7D). Grade 4 - Explain plot, character actions and story evidence. (TEKS 4.8C, 4.7C).

Math: Grade 3 - Compare fractions with the same numerator or denominator; then Choose a tool and measure weight or how much a container holds. (TEKS 3.3H, 3.7D, 3.7E). Grade 4 - Join or remove fractional parts with the same denominator. (TEKS 4.3A, 4.3B, 4.3E).

Science: Grade 3 - Demonstrate an energy idea and explain the observed evidence. (TEKS 3.8A, 3.8B). Grade 4 - Use a tested model to explain a force or energy transfer. (TEKS 4.7, 4.8A).

Social studies: Grade 3 - Show how an individual/group can improve a community using a problem to action to result explanation. (TEKS 3.1A, 3.9C, 3.2B). Grade 4 - Summarize one Republic/statehood event or leader and place it in the larger sequence. (TEKS 4.3C, 4.3D, 4.3E).

Friday routine

Each Friday: short spelling, reading, math and science checks. Science experiments: October 23, November 6, November 20 and December 11. The experiment provides the science check evidence. November 23-27 is fall break in this plan.

Individual learning outline

Student: _____ Current learning step: _____ Successful response mode: _____ Helpful supports: _____ Next challenge: _____ Family note: _____. IEP goals will be added after Stacie provides them.
