Week 2 | Teaching map

October 19 to 23 | A difficult problem changes when everyone works together.

Book-centered week

Big Pumpkin | A difficult problem changes when everyone works together. Story focus: Sequence the stuck-pumpkin problem, the group's attempts, and the shared solution.

Reading and writing

Grade 3

TEKS 3.8C

Analyze plot elements, including the sequence of events, the conflict, and the resolution.

In plain English: Explain the order of story events, the problem and how it is solved.

TEKS 3.7D

Retell and paraphrase texts in ways that maintain meaning and logical order.

In plain English: Retell or put a text into your own words while keeping its meaning and order.

2026-10-19

Answer a who, what, where, when, why or how question about the story.

2026-10-20

Identify what happens at the beginning, middle and end of the story.

2026-10-21

Identify the story problem and the action a character takes.

2026-10-22

Retell the important events in order using three picture cards.

2026-10-23

Explain how a character's action changes what happens next.

Grade 4

TEKS 4.8C

Analyze plot elements, including the rising action, climax, falling action, and resolution.

In plain English: Explain how a story builds to its turning point and moves toward a solution.

TEKS 4.7C

Use text evidence to support an appropriate response.

In plain English: Support an answer with something the text actually says or shows.

2026-10-19

Answer a why or how question and cite the illustration or page that supports it.

2026-10-20

Explain the story problem, important action and resolution using page evidence.

2026-10-21

Explain how two characters interact and how that affects the plot.

2026-10-22

Analyze the sequence of events and identify the turning point.

2026-10-23

Use a detail from the story to explain a character's choice.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Math

Grade 3

TEKS 3.4H

Determine the number of objects in each group when a set of objects is partitioned into equal shares or a set of objects is shared equally.

In plain English: Find how many objects are in each group after sharing equally.

TEKS 3.4J

Determine a quotient using the relationship between multiplication and division.

In plain English: Use a related multiplication fact to solve a division problem.

2026-10-19

Share 6 counters between 2 plates, then show how many are in each group.

2026-10-20

Share 6 counters between 2 plates, then show how many are in each group.

2026-10-21

Share 6 counters between 2 plates, then show how many are in each group.

2026-10-22

Share 6 counters between 2 plates, then show how many are in each group.

2026-10-23

Share 6 counters between 2 plates, then show how many are in each group.

Grade 4

TEKS 4.5A

Represent multi-step problems involving the four operations with whole numbers using strip diagrams and equations with a letter standing for the unknown quantity.

In plain English: Represent multi-step problems using the four operations, diagrams and equations with a letter for the unknown.

2026-10-19

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

2026-10-20

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

2026-10-21

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

2026-10-22

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

2026-10-23

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Science

Grade 3

TEKS 3.7A

Demonstrate and describe forces acting on an object in contact or at a distance, including magnetism, gravity, and pushes and pulls.

In plain English: Show and explain pushes, pulls, gravity and magnetism, including forces that act without touching.

TEKS 3.7B

Plan and conduct a descriptive investigation to demonstrate and explain how position and motion can be changed by pushing and pulling objects such as swings, balls, and wagons.

In plain English: Plan and carry out a test showing how pushes and pulls change position or motion.

2026-10-19

Show how a push or pull changes motion.

2026-10-20

Show how a push or pull changes motion.

2026-10-21

Show how a push or pull changes motion.

2026-10-22

Show how a push or pull changes motion.

2026-10-23

Show how a push or pull changes motion.

Grade 4

TEKS 4.8A

Investigate and identify the transfer of energy by objects in motion, waves in water, and sound.

In plain English: Investigate how moving objects, water waves and sound transfer energy.

2026-10-19

Observe energy moving from one object to another.

2026-10-20

Observe energy moving from one object to another.

2026-10-21

Observe energy moving from one object to another.

2026-10-22

Observe energy moving from one object to another.

2026-10-23

Observe energy moving from one object to another.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Social studies

Grade 3

TEKS 3.9A

Identify characteristics of good citizenship, including truthfulness, justice, equality, respect for oneself and others, responsibility in daily life, and participation in government by educating oneself about the issues, respectfully holding public officials to their word, and voting.

In plain English: Recognize responsible citizenship, including honesty, fairness, respect and participation in government.

TEKS 3.9C

Identify and describe individual acts of civic responsibility, including obeying laws, serving and improving the community, serving on a jury, and voting.

In plain English: Describe civic responsibilities such as following laws, helping the community, jury service and voting.

2026-10-19

Name a responsible action.

2026-10-20

Explain how a helpful action serves the community.

2026-10-21

Use a source detail to show responsible citizenship.

2026-10-22

Choose a helpful action and explain its effect.

2026-10-23

Show one example of responsibility with evidence.

Grade 4

TEKS 4.2A

Summarize motivations for European exploration and settlement of Texas, including economic opportunity, competition, and the desire for expansion.

In plain English: Explain why Europeans explored and settled Texas, including opportunity, competition and expansion.

TEKS 4.2B

Identify the accomplishments and explain the impact of significant explorers, including Cabeza de Vaca; Francisco Coronado; and René Robert Cavelier, Sieur de la Salle, on the settlement of Texas.

In plain English: Explain named explorers' accomplishments and their effects on Texas settlement.

2026-10-19

Show why Europeans explored Texas.

2026-10-20

Connect a named explorer to an accomplishment.

2026-10-21

Find a route or result in a district map/source.

2026-10-22

Explain one effect of an explorer's actions.

2026-10-23

Match an explorer, motivation and result.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.
