Week 1 | Teaching map

October 13 to 16 | People solve problems

Reading and writing

Grade 3

TEKS 3.6G

Evaluate details read to determine key ideas.

In plain English: Decide which details matter and use them to work out the text's key ideas.

TEKS 3.7D

Retell and paraphrase texts in ways that maintain meaning and logical order.

In plain English: Retell or put a text into your own words while keeping its meaning and order.

TEKS 3.9D(i)

Recognize characteristics and structures of informational text, including: the central idea with supporting evidence.

In plain English: Identify an informational text's central idea and the details that support it.

TEKS 3.7B

Write a response to a literary or informational text that demonstrates an understanding of a text.

In plain English: Write a response that shows you understand a story or information text.

2026-10-13

Choose important details about pumpkin growth and use them to explain a key idea.

2026-10-14

Put pictured stages of pumpkin growth in order.

2026-10-15

Show how a growth detail supports the book's main idea.

2026-10-16

State the main idea and show one supporting pumpkin fact.

Grade 4

TEKS 4.8B

Explain the interactions of the characters and the changes they undergo.

In plain English: Explain how characters affect one another and how they change during the story.

TEKS 4.8C

Analyze plot elements, including the rising action, climax, falling action, and resolution.

In plain English: Explain how a story builds to its turning point and moves toward a solution.

TEKS 4.8A

Infer basic themes supported by text evidence.

In plain English: Work out a story's message and support it with evidence from the text.

TEKS 4.7C

Use text evidence to support an appropriate response.

In plain English: Support an answer with something the text actually says or shows.

TEKS 4.7B

Write responses that demonstrate understanding of texts, including comparing and contrasting ideas across a variety of sources.

In plain English: Write to show understanding, including how ideas are alike and different across texts.

2026-10-13

Explain why the witch gives a helper a place on the broom.

2026-10-14

Use the animals' actions to explain how they solve the danger.

2026-10-15

Explain a message about helping, using a scene as evidence.

2026-10-16

Explain how cooperation changes the outcome, using book evidence.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Math

Grade 3

TEKS 3.4D

Determine the total number of objects when equally-sized groups of objects are combined or arranged in arrays up to 10 by 10.

In plain English: Find the total in equal groups or arrays up to 10 by 10.

TEKS 3.4E

Represent multiplication facts by using a variety of approaches such as repeated addition, equal-sized groups, arrays, area models, equal jumps on a number line, and skip counting.

In plain English: Show multiplication using groups, arrays, repeated addition, jumps or skip counting.

TEKS 3.4H

Determine the number of objects in each group when a set of objects is partitioned into equal shares or a set of objects is shared equally.

In plain English: Find how many objects are in each group after sharing equally.

TEKS 3.4J

Determine a quotient using the relationship between multiplication and division.

In plain English: Use a related multiplication fact to solve a division problem.

2026-10-13

Build another equal-group model and state or select the matching fact.

2026-10-14

Build another equal-group model and state or select the matching fact.

2026-10-15

Share 6 counters between 2 plates, then show how many are in each group.

2026-10-16

Share 6 counters between 2 plates, then show how many are in each group.

Grade 4

TEKS 4.4E

Represent the quotient of up to a four-digit whole number divided by a one-digit whole number using arrays, area models, or equations.

In plain English: Model division of up to a four-digit number by a one-digit number.

TEKS 4.4F

Use strategies and algorithms, including the standard algorithm, to divide up to a four-digit dividend by a one-digit divisor.

In plain English: Use division strategies and the standard algorithm with up to four-digit dividends and one-digit divisors.

2026-10-13

Build a fresh equal-sharing example and identify the quotient.

2026-10-14

Build a fresh equal-sharing example and identify the quotient.

2026-10-15

Build a fresh equal-sharing example and identify the quotient.

2026-10-16

Build a fresh equal-sharing example and identify the quotient.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Science

Grade 3

TEKS 3.7A

Demonstrate and describe forces acting on an object in contact or at a distance, including magnetism, gravity, and pushes and pulls.

In plain English: Show and explain pushes, pulls, gravity and magnetism, including forces that act without touching.

TEKS 3.7B

Plan and conduct a descriptive investigation to demonstrate and explain how position and motion can be changed by pushing and pulling objects such as swings, balls, and wagons.

In plain English: Plan and carry out a test showing how pushes and pulls change position or motion.

2026-10-13

Show how a push or pull changes motion.

2026-10-14

Show how a push or pull changes motion.

2026-10-15

Show how a push or pull changes motion.

2026-10-16

Show how a push or pull changes motion.

Grade 4

TEKS 4.6B

Investigate and compare a variety of mixtures, including solutions that are composed of liquids in liquids and solids in liquids.

In plain English: Investigate and compare mixtures, including liquids mixed with liquids and solids with liquids.

TEKS 4.6C

Demonstrate that matter is conserved when mixtures such as soil and water or oil and water are formed.

In plain English: Show that matter is still present when materials are combined into a mixture.

2026-10-13

Compare a mixture and a solution; use before/after mass readings of the same closed container to show that matter is conserved.

2026-10-14

Compare a mixture and a solution; use before/after mass readings of the same closed container to show that matter is conserved.

2026-10-15

Compare a mixture and a solution; use before/after mass readings of the same closed container to show that matter is conserved.

2026-10-16

Compare a mixture and a solution; use before/after mass readings of the same closed container to show that matter is conserved.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Social studies

Grade 3

TEKS 3.9C

Identify and describe individual acts of civic responsibility, including obeying laws, serving and improving the community, serving on a jury, and voting.

In plain English: Describe civic responsibilities such as following laws, helping the community, jury service and voting.

TEKS 3.9A

Identify characteristics of good citizenship, including truthfulness, justice, equality, respect for oneself and others, responsibility in daily life, and participation in government by educating oneself about the issues, respectfully holding public officials to their word, and voting.

In plain English: Recognize responsible citizenship, including honesty, fairness, respect and participation in government.

2026-10-13

Explain how a helpful action serves the community.

2026-10-14

Use a source detail to show responsible citizenship.

2026-10-15

Choose a helpful action and explain its effect.

2026-10-16

Show one example of responsibility with evidence.

Grade 4

TEKS 4.2B

Identify the accomplishments and explain the impact of significant explorers, including Cabeza de Vaca; Francisco Coronado; and René Robert Cavelier, Sieur de la Salle, on the settlement of Texas.

In plain English: Explain named explorers' accomplishments and their effects on Texas settlement.

TEKS 4.2A

Summarize motivations for European exploration and settlement of Texas, including economic opportunity, competition, and the desire for expansion.

In plain English: Explain why Europeans explored and settled Texas, including opportunity, competition and expansion.

2026-10-13

Connect a named explorer to an accomplishment.

2026-10-14

Find a route or result in a district map/source.

2026-10-15

Explain one effect of an explorer's actions.

2026-10-16

Match an explorer, motivation and result.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.
