Week 3 | Teaching map

October 26 to 30 | Characters take action

Reading and writing

Grade 3

TEKS 3.8C

Analyze plot elements, including the sequence of events, the conflict, and the resolution.

In plain English: Explain the order of story events, the problem and how it is solved.

TEKS 3.9C

Discuss elements of drama such as characters, dialogue, setting, and acts.

In plain English: Recognize and discuss the characters, spoken lines, setting and acts in a play.

TEKS 3.7D

Retell and paraphrase texts in ways that maintain meaning and logical order.

In plain English: Retell or put a text into your own words while keeping its meaning and order.

TEKS 3.7B

Write a response to a literary or informational text that demonstrates an understanding of a text.

In plain English: Write a response that shows you understand a story or information text.

2026-10-26

Identify the problem: the pumpkin will not come free.

2026-10-27

Put two characters' attempts in story order.

2026-10-28

Show how the characters work together to pull the pumpkin.

2026-10-29

Use dialogue and character roles to act the pumpkin problem and solution.

2026-10-30

Retell the problem, group action and result.

Grade 4

TEKS 4.8C

Analyze plot elements, including the rising action, climax, falling action, and resolution.

In plain English: Explain how a story builds to its turning point and moves toward a solution.

TEKS 4.8B

Explain the interactions of the characters and the changes they undergo.

In plain English: Explain how characters affect one another and how they change during the story.

TEKS 4.8A

Infer basic themes supported by text evidence.

In plain English: Work out a story's message and support it with evidence from the text.

TEKS 4.7C

Use text evidence to support an appropriate response.

In plain English: Support an answer with something the text actually says or shows.

TEKS 4.7B

Write responses that demonstrate understanding of texts, including comparing and contrasting ideas across a variety of sources.

In plain English: Write to show understanding, including how ideas are alike and different across texts.

2026-10-26

Explain why the characters' separate attempts do not solve the problem.

2026-10-27

Compare the bat's idea with the earlier attempts.

2026-10-28

Explain how the bat's idea changes the result.

2026-10-29

Support a message about teamwork with the pumpkin-pulling scene.

2026-10-30

Explain why the solution works, using the book as evidence.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Math

Grade 3

TEKS 3.4H

Determine the number of objects in each group when a set of objects is partitioned into equal shares or a set of objects is shared equally.

In plain English: Find how many objects are in each group after sharing equally.

TEKS 3.4J

Determine a quotient using the relationship between multiplication and division.

In plain English: Use a related multiplication fact to solve a division problem.

TEKS 3.5E

Represent real-world relationships using number pairs in a table and verbal descriptions.

In plain English: Use pairs of numbers in a table to describe a real-world relationship.

2026-10-26

Share 6 counters between 2 plates, then show how many are in each group.

2026-10-27

Share 6 counters between 2 plates, then show how many are in each group.

2026-10-28

Build 4 bags with 2 supplies each; complete 4 / 8 in the table and explain the relationship.

2026-10-29

Build 4 bags with 2 supplies each; complete 4 / 8 in the table and explain the relationship.

2026-10-30

Build 4 bags with 2 supplies each; complete 4 / 8 in the table and explain the relationship.

Grade 4

TEKS 4.5A

Represent multi-step problems involving the four operations with whole numbers using strip diagrams and equations with a letter standing for the unknown quantity.

In plain English: Represent multi-step problems using the four operations, diagrams and equations with a letter for the unknown.

TEKS 4.5C

Use models to determine the formulas for the perimeter of a rectangle (l + w + l + w or 2l + 2w), including the special form for perimeter of a square (4s) and the area of a rectangle (l x w).

In plain English: Use models to explain rectangle area and perimeter formulas.

TEKS 4.5D

Solve problems related to perimeter and area of rectangles where dimensions are whole numbers.

In plain English: Solve rectangle area and perimeter problems with whole-number side lengths.

2026-10-26

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

2026-10-27

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

2026-10-28

Model 3 bags of 2 pencils, then give away 2. Choose operations and show 4 left; use n for the unknown when ready.

2026-10-29

Build a 2 by 4 rectangle; show area 8 square units and perimeter 12 units.

2026-10-30

Build a 2 by 4 rectangle; show area 8 square units and perimeter 12 units.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Science

Grade 3

TEKS 3.8A

Identify everyday examples of energy, including light, sound, thermal, and mechanical.

In plain English: Recognize everyday examples of light, sound, thermal and mechanical energy.

2026-10-26

Identify light, sound, thermal and mechanical energy.

2026-10-27

Identify light, sound, thermal and mechanical energy.

2026-10-28

Identify light, sound, thermal and mechanical energy.

2026-10-29

Identify light, sound, thermal and mechanical energy.

2026-10-30

Identify light, sound, thermal and mechanical energy.

Grade 4

TEKS 4.8A

Investigate and identify the transfer of energy by objects in motion, waves in water, and sound.

In plain English: Investigate how moving objects, water waves and sound transfer energy.

TEKS 4.8B

Identify conductors and insulators of thermal and electrical energy.

In plain English: Identify materials that let heat or electricity pass through and materials that resist it.

TEKS 4.8C

Demonstrate and describe how electrical energy travels in a closed path that can produce light and thermal energy.

In plain English: Show that electricity travels around a closed path and can produce light and heat.

2026-10-26

Observe energy transfer, test materials and build a closed circuit.

2026-10-27

Observe energy transfer, test materials and build a closed circuit.

2026-10-28

Observe energy transfer, test materials and build a closed circuit.

2026-10-29

Observe energy transfer, test materials and build a closed circuit.

2026-10-30

Observe energy transfer, test materials and build a closed circuit.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.

Social studies

Grade 3

TEKS 3.9A

Identify characteristics of good citizenship, including truthfulness, justice, equality, respect for oneself and others, responsibility in daily life, and participation in government by educating oneself about the issues, respectfully holding public officials to their word, and voting.

In plain English: Recognize responsible citizenship, including honesty, fairness, respect and participation in government.

TEKS 3.9C

Identify and describe individual acts of civic responsibility, including obeying laws, serving and improving the community, serving on a jury, and voting.

In plain English: Describe civic responsibilities such as following laws, helping the community, jury service and voting.

2026-10-26

Name a responsible action.

2026-10-27

Explain how a helpful action serves the community.

2026-10-28

Use a source detail to show responsible citizenship.

2026-10-29

Choose a helpful action and explain its effect.

2026-10-30

Show one example of responsibility with evidence.

Grade 4

TEKS 4.2A

Summarize motivations for European exploration and settlement of Texas, including economic opportunity, competition, and the desire for expansion.

In plain English: Explain why Europeans explored and settled Texas, including opportunity, competition and expansion.

TEKS 4.2B

Identify the accomplishments and explain the impact of significant explorers, including Cabeza de Vaca; Francisco Coronado; and René Robert Cavelier, Sieur de la Salle, on the settlement of Texas.

In plain English: Explain named explorers' accomplishments and their effects on Texas settlement.

2026-10-26

Show why Europeans explored Texas.

2026-10-27

Connect a named explorer to an accomplishment.

2026-10-28

Find a route or result in a district map/source.

2026-10-29

Explain one effect of an explorer's actions.

2026-10-30

Match an explorer, motivation and result.

Teach and collect evidence

Use the dated lesson sheet for I Do, We Do, You Do and the independent rotation. Record the exact response, correct/total and support separately. Friday checks use the same targets.
