Week 5 | Real-book guide

November 9 to 13 | Friends explore autumn places and collect leaves together.

One book, all subjects

We're Going on a Leaf Hunt | Friends explore autumn places and collect leaves together. Math: Sort and count the leaves collected on the story route; use the groups to model this week's fraction target. Science: Compare leaf colors, shapes and textures; record observations without claiming every local tree changes the same way. Social studies: Use a simple route map to connect the friends' journey with safe ways people explore and care for local places. Finish: Make a large-print route accordion with one leaf picture and location on each panel.
