Week 7 | Real-book guide

November 30 to December 4 | One tree changes through the seasons, and each season brings different observations.

One book, all subjects

The Seasons of Arnold's Apple Tree | One tree changes through the seasons, and each season brings different observations. Math: Put four seasonal tree pictures in order and use the sequence to represent equivalent fractions or equal parts. Science: Use the book's seasonal details to observe how daylight, temperature and tree appearance can change across a year. Social studies: Compare how people use or care for a tree in different seasons; connect the examples to local community spaces. Finish: Make a four-season tree wheel with large picture labels and a clear seasonal sequence.
