# Week 9 | Real-book guide

December 14 to 18 | Peter explores how a snowy day changes the places he knows.

## One book, all subjects

The Snowy Day | Peter explores how a snowy day changes the places he knows. Math: Measure and compare pretend snow with cups or counters; show the week's capacity target with a visual record. Science: Use paper snow and a safe ramp to observe motion; compare Peter's snowy setting with local winter weather. Social studies: Notice the neighborhood places Peter visits and compare how children use familiar community spaces. Finish: Make a layered neighborhood scene with a beginning-middle-end winter walk sequence.
